

Leman USA, Inc History

LEMAN USA, Inc. was established in 1971, in support of our Danish parent company's activities in the United States of America. We pride ourselves on building long standing relationships with our customers through excellent and personalized customer service.

Over the years we have gradually expanded and built a worldwide network of offices and agents to handle import and export cargo by either air or ocean transportation.

LEMAN USA, Inc. is committed to provide our customers with the highest standards of value added services in the industry.

Headquarters: Racine, Wisconsin

Branch offices: Chicago
Los Angeles - New Jersey - Atlanta

Worldwide Services

Leman USA, Inc operates offices around the United State in Racine, WI, Chicago, IL, Los Angeles, CA, Clark, NJ and Atlanta, GA. Additionally, our parent company Leman A/S operates offices in Denmark, Sweden, Norway, Finland and the UK. Throughout the world we are represented by a comprehensive partner network, enabling us to offer service to and from all major ports/airports in the world. We offer in house customs brokerage, air freight, ocean freight, full containers and ocean freight LCL. We operate our own consolidations to and from several major points and can offer warehousing and administrative functions as well.

- Credit Checks
- Invoicing
- Account Receivable and Deposit of Checks
- Accounts payable
- Statements and Collections
- Sales Commission – Payroll
- Reporting
- Financial Statement
- Assist in Audits

Warehouse and Distribution Services

LEMAN operates as a customs bonded Container Freight Station which allows us to efficiently handle inbound cargo and containers for customs clearance at our facility.

Designated gates are appointed for a cross dock operation to handle import and export containers within our facility.

A major part of the warehouse is equipped with pallet racks allowing turret trucks to operate in narrow aisles for efficient storage and safe handling of cargo.

The warehouse is designed to handle general cargo, as well as unique pick and pack operations. Our own packing station facilitates our clients' requirements for packaging, labeling and bar coding.

Through a network of common carriers, we have negotiated effective, competitive and safe distribution practices. The major parcel and express companies pick-up and deliver shipments to our facility on a daily basis.

E-Commerce

Let LEMAN help you harness the potential profits and efficiencies the Internet can bring your company. Your custom Internet storefront will help you promote, showcase and sell merchandise to your customers and an infinite worldwide Internet market; offer your distributors, sales staff or satellite offices a simple to use order entry interface linked directly to your live inventory.
